ENROLLMENT INFORMATION

INSURANCE

District 116 does not carry medical insurance on students nor does it sell insurance. It does provide information on insurance that a student may purchase if the family does not have its own insurance. All transactions are between the student and insurance company.

PHYSICAL EXAMS

Every student attending classes conducted by Urbana School District #116 must present written proof of having immunizations and health examinations in accordance with the Revised School Code 27-8 and rules and regulations of the Department of Public Health:

ALL NINTH GRADE STUDENTS MUST HAVE A PHYSICAL TO REGISTER FOR SCHOOL. ALSO, ANY STUDENT TRANSFERRING FROM ANOTHER SCHOOL OUTSIDE OF ILLINOIS, IRRESPECTIVE OF GRADE, MUST HAVE AN ILLINOIS PHYSICAL EXAM.

Out of state transfer students receive 30 days to submit an Illinois physical after they enroll. Students who are in non-compliance with the physical exam will be excluded from attending school and the absence(s) will be classified as unexcused.

Additional health examinations of students may be required when deemed necessary by school authorities.

The Department of Public Health requires evidence of immunity against:

- Diphtheria
- Pertussis
- Tetanus
- Poliomyelitis
- Rubeola (red measles)
- Rubella (German or three-day measles)

The Department of Public Health and the Illinois State Board of Education also requires that the following vaccine and examinations be done and placed on the forms that have been approved for statewide use:

- Mumps vaccine
- Dental examination

The only form acceptable for providing required information for health examinations and immunizations is the Illinois State form titled Certificate of Child Health Examination.

Vision and screening tests are to be conducted in accordance with Department of Public Health rules and regulations and may only be administered by individuals, which the Department of Public Health has certified.

Children whose parents or legal guardians object on religious grounds need not receive the immunizations if they present to the appropriate school authorities a signed statement of objection which details the grounds for such objection. If the physical condition of a child precludes immunizations on medical grounds, the examining physician shall indicate the reasons. Children exempted for religious or medical reasons are

considered to be in compliance with the immunization provisions of the law, but they may or may not be exempt from participation in required physical education programs.

Students new to the District who are unable to schedule an appointment prior to attending classes and students transferring from other schools where they have medical records on file will be permitted to attend classes on the basis of a signed affidavit indicating either the date of an appointment with a doctor or medical clinic or the source of previously completed records. Failure to procure records from a previous school or to keep an indicated appointment will cause the student to be excluded from attending classes.

RESIDENCY

In addition to satisfying all other requirements for enrollment, a student desiring to attend Urbana School District 116 must be a legal resident of the school district. A student is a legal resident of the school district when the following criteria are met:

1. Resides within the school district with his/her natural parents.
2. Resides within the school district with his/her custodial parent if the natural parents are divorced.
3. Resides within the school district with a person to whom the natural or custodial parent has transferred custody and control. The intent of such transfer cannot have been solely to enable the student to attend school in the school district.
4. Resides within the school district and the evidence is that he/she is emancipated under the law of Illinois by showing:
 - Proof that support is not being furnished by parents or guardians; and
 - Proof that parents or guardians have relinquished custody and control of the child.
5. Resides within the school district as a result of permanent placement by a state agency.

Students not meeting the above criteria are not legal residents of the school district, and the school district shall permit them to enroll only on a tuition basis, with the prior written approval of the Board of Education.

STUDENT IDENTIFICATION

Each student will have an identification card issued with his/her picture during registration. The student will carry his/her I.D. card in a visible spot on their person at all times.. Students will be requested to present their I.D. for admission to school activities and for transportation on the MTD to and from school. The student I.D. is mandatory for attendance to all school dances. If the I.D. card is lost, the student will need to notify his/her SI. Replacement cards will be taken at designated times after school. The cost is \$5.00 and is due at time of sign-up. Students may be required to show ID for open lunch (Jr/Sr in good standing).

PHONE AVAILABILITY TO STUDENTS

There is a phone available to students in the Attendance Center and Student Assistance Office to contact a parent/guardian for attendance and emergencies. Students must have a pass from a teacher and permission from the office secretaries in order to use this phone. Students must have a pass to use these phones at all times except during their lunch hour.

TEXTBOOK RENTAL POLICY

At the beginning of the school year each student is given a textbook for each course in which he/she is enrolled. It is the responsibility of the student to return that same text at the conclusion of the course. Any

lost texts or texts damaged will be the responsibility of the student. Fines due to loss or damage must be paid before grade cards will be issued.

LOCKERS

Hall lockers are assigned to students on an individual basis and are for their exclusive use. They are provided by the school for student use and remain under the jurisdiction of the school. The locker and locks remain the property of the school (see Section 3.10 for policies concerning searching of school property). To avoid potential thefts, students should do the following:

- Be certain locker is locked after each use by spinning the combination dial.
- Do not share your locker or locker combination with other students.

STUDENT PARKING

There is limited parking available to students. Parking passes may be purchased if students wish to park in the student lot located just west of the faculty lot. Student cars not displaying proper identification, parked on school grounds (including Urbana Middle School and the Urbana Aquatic Center) during the school day, may be towed without warning at the owner's expense.

STUDENT FORMS

Students and at times their parents/guardians will be asked to sign-off on several forms in order to access various privileges at UHS.

- The blue Internet and Electronic Mail Permission Form (must also be signed by their parent/guardian). Only students with permission can access the internet using school computers. This form is kept in the Guidance Office.
- The Student/Parent Guidebook
- The Extra-Curricular Code (must also be signed by their parent/guardian)

MILITARY RECRUITMENT

If a parent does not wish for their child's name to be released to branches of the military, they will need to send a letter to the administration requesting for their child's information not to be made available for military recruitment purposes. Although the letter is addressed to the administration, it should be given or mailed to the secretary who is located in the Main Office. See the following page for a sample of the letter.

ATTENDANCE

Urbana High School students are expected to be in school every day, attending each assigned class. It is the responsibility of the parents or legal guardians to see that their children attend school regularly and promptly.

Since regular attendance is essential for academic success, we assume that students will always be in school except for cases of illness or serious family crisis.

1. Reporting of Absences

If the instructions below are followed, and the absence is deemed excused by the Assistant Principal, upon returning from being gone the student should report directly to his/her class. This is to ensure that the student does not end up losing valuable class time waiting in line in the Attendance Center.

- A. The student's parent/guardian must telephone the Attendance Center at **384-3522** or **328-5171** on each day of the absence (unless previous arrangements have been made) between 7:30am and 3:30pm stating the reason for the absence. Notes are NOT acceptable. In case of multiple absences, this must be done each day.

or

- B. The student's parent/guardian may call **384-3522** when the office is not open and leave a message to excuse the student's absence.

On the morning of an absence, if the parent has not called the school by 9:00am to excuse the student, an automated service will call the student's home and report that the student is not in attendance. This will also serve as a reminder for the parent/guardian to call the student in. At the end of the school day, if the absence has not been cleared up, the automated service will again call the student's home and report each period that the student was absent.

- C. Students residing with a parent or guardian may not call themselves in as absent even if the student is age 18 or older – in such cases the parent/guardian is still required to call in the student's absence. Only students who are legally emancipated and students who are age 18 or older **and** do not live with a parent or guardian may call themselves in as absent.

If the instructions above are NOT followed:

- A. The student must report to class and will be called down to the Attendance Office.
B. The student's parent or guardian must resolve the absence (if still unresolved) **by 8:00am** on the day of the student's return to school, or the absence will be classified as UNEXCUSED.

2. Leaving During School Hours

A. Checking-Out

Students may not leave the campus during the school day without checking out in the Attendance Center (room M155). If a student does not officially check out, the absence will be classified as UNEXCUSED.

1. Before a scheduled appointment the student's parent/guardian should call the Attendance Center at 384-3522 and give the following information:
 - a. Name of Student
 - b. Time of appointment and time to be released
 - c. Approximate time of return
 - d. Type of appointment
2. On the day of the scheduled appointment, the student should:
 - a. Receive a check-out slip in class from the office

- b. Show check-out slip to the teacher when it is time to leave
 - c. Report to the Attendance Center again to officially sign out
 - 3. Before leaving school if the student is feeling ill, the student should:
 - a. Ask the teacher for a pass to the Attendance Center
 - b. Call home to receive parental consent to go home
 - c. Follow regular check-out procedures
 - 4. If a student has open campus lunch, he/she may leave school without checking out, provided that the student's parent/guardian calls the Attendance Center the same day.
- B. **Transportation**
If a student must be excused for an appointment, it is expected that the student will return to school after the appointment. Parents/Guardians must provide transportation to the appointment. No student will be released to provide transportation for another student.
- C. **Checking-In**
Upon return to school, the student must sign in at the Attendance Center with a written statement verifying the appointment.

Failure to follow the above procedure may result in an UNEXCUSED absence!

3. **Excused Absences**

- A. **Acceptable reasons for excused absences:**
 - 1. Illness of the student/family
 - 2. Death of an immediate family member
 - 3. Unavoidable accident or emergency
 - 4. Anticipated absence with prior School Counselor approval - Forms can be picked up from the Student Engagement Secretary (room 2117) and must be completed and returned *five (5) calendar days* prior to the absence.
- Types of anticipated absences:**
 - a. College visits and Career Readiness opportunity
 - b. Family vacation qualified by the phrase: "Accompanied by the student's parent or guardian."
 - c. Special religious days or events
 - d. Other circumstances as determined by the Administrator and/or School Counselor.

Written documentation of the absence (i.e. doctor's note) should be provided for all excused absences to ensure that the student will not be penalized under the Excessive Excused Absence Policy listed below.

B. **Excessive Excused Absence Policy**

The maximum number of excused absences allowed in a semester is eight (8). Parents may request that an absence be excused for the following reasons: personal illness, family illness, medical/dental appointments, religious holidays, and funerals. Building administration has the final authority to determine whether or not any absence will be excused.

Once a student has accumulated eight absences per semester, any additional absence will be considered unexcused and handled as an unexcused absence. Excluded from this policy shall be absences which are verified by a doctor's statement. The doctor's statement must be an original copy signed by a licensed medical professional. It must include the date(s) of the student's relevant absence(s). Students exceeding five (5) unexcused absences per semester will be reported to the Regional Superintendent as chronically truant.

Continued patterns of excessive excused or unexcused absences may result in a parent meeting with the school's Problem-Solving Committee, referral to the Regional Office of Education Truancy Officer and/or a referral to the Champaign County State's Attorney. Once a student has reached eight (8) excused absences that have not been verified through written documentation, he/she will be excluded from attending extra-curricular activities/events for the remainder of the current semester. .l/

C. **Make-Up Work**

Students will be allowed to make up work, within the same number of days they were absent plus an additional day, for all absences.

In each instance, the student is responsible for (1) contacting the teacher regarding the work missed and (2) returning the make-up assignments to the teacher at the designated time.

Failure of the student to meet these responsibilities will result in a failing grade for the missing assignments.

D. **Homework Requests**

In order to ensure that our students are successful upon returning to school following an absence, we will give students access to the work they are missing during absences. When a parent reports an absence and requests homework, the homework will be available in the Student Assistance Office (room 2117) after 4:00pm the next school day.

CONSEQUENCES FOR UNEXCUSED ABSENCE

Students will be required to make up time missed from class due to an unexcused absence. The student may be assigned detentions, Saturday School, Restorative U, the loss of open lunch privileges, and extracurricular activities, depending on the number of unexcused absences the student has accrued. Failure to comply with these consequences may result in student suspension.

Repeated unexcused absences could result in a parent/student interventionist conference, and referral to the Regional Office of Education for truancy.

TARDINESS

Students are expected to be on time to class with required materials. Being prepared and on time contributes to a positive learning environment. Passes will not be issued during the first ten (10) minutes of class. **Please plan your locker stops, restroom breaks, and routes to accommodate passing time.**

Students are tardy if they are not in the classroom when the bell rings. Oversleeping, missing the bus, or experiencing car trouble will not be considered valid reasons for being tardy excused to class. Students will need a pass to enter class.

- If a student arrives late within the first 10 minutes of class without a pass, change the A to a T for tardy but if they enter the classroom, without a pass, after 10 min, change the A to a L.
 - If a student arrives to class during the first 10 minutes, the following consequences will apply:
 - 1st teacher tardy: Warning
 - 2nd teacher tardy: Teacher Calls Home
 - 3rd teacher tardy: Teacher Detention
 - 4th & subsequent teacher tardy: Referral to SEA's Office.
 - If a student arrives to class after the first 10 minutes, the following range of consequences may apply:

- 1st office tardy: Referral to SEA, Parent Contact/Conference, Administrative Detention, Supervised Lunch, Work Detail/School Service/Community Service, Social Probation, and/or Restorative Practices
- 2nd office tardy: Referral to SEA, In-School Supervision and/or Saturday School
- 3rd & subsequent Mandatory Referral to the Attendance office tardy: SEA Attendance Improvement Plan, In-School Supervision

We believe in rewarding those students who are mindful of promptness to class. Therefore, we will have incentives (weekly, monthly, and/or quarterly) for students without an office referral for tardies.

VISITING UHS

1. **Parents**

We encourage parents to visit school any time they wish. The only request we make is that all visitors sign in at the Iowa door and then register in the Principal's Office, room 2128, and obtain a visitor's badge before proceeding within the building. If you would like to observe a class, please contact the teacher(s) ahead of time if possible.

2. **Students**

In an effort to ensure building security, students will not be allowed to have other students as visitors to school. Any exceptions to this practice will require the approval of the building principal. Friends coming to meet students should wait at the entrance outside the building rather than at the student's locker or classroom.

3. **Middle School Students**

In an effort to ensure building safety, middle school students are considered visitors to the high school and should be accompanied by a parent. Any exceptions to this practice will require the approval of the building principal.

ENTERING THE BUILDING

During the school year the main doors, Iowa, Race and multipurpose area doors, will be open from 7:30am until 8:00am. After the 8:00am bell all doors, except the main doors leading to the Attendance Center, will be locked.

Students may only enter through doors leading to the Attendance Center after 8:00am. Students will not be allowed to enter through the Iowa or Race Street doors. Upon entering the building, students must go to the Attendance Center to check in. If a student's late arrival to school is unexcused, the student will be issued a 30-minute detention, which is to be served within three days of its issuance. The student will then be given a detention slip as a pass to class. [This consequence is for tardiness to class. Other consequences may be issued if the student has missed an entire class period. See section 3.2].

Upon leaving the Attendance Center, the student must show the detention slip to the hall supervisor on duty in order to go to class. **Students will not be allowed to enter any classroom late without an excused pass.**

UNAUTHORIZED PERSONS ON SCHOOL PROPERTY

Unauthorized persons in the school building may interrupt or disturb the operation of the school. A sign is placed in each entrance of the building so that all persons can see it. The sign reads as follows:

NOTICE: ALL VISITORS MUST REGISTER AT THE PRINCIPAL'S OFFICE

Violators will be asked to leave the building. Law enforcement officers may be called by the administration to deal with persistent violators who disregard the sign of warning, for those who use abusive language, or for those committing other offenses.

EMERGENCY PROCEDURES AND EXTRACTION ROOMS

1. Fire Alarms

- A. The fire alarm signal is a continuous buzzing of the fire alarm.
- B. Anytime the fire alarm is sounded, we must react as though there is a fire in the building. Everyone must evacuate the building at once according to the directions given by the classroom teachers. Traffic patterns for students are posted in every classroom in the building.
- C. Setting off a false alarm, failure to respond to an alarm, and the use of firefighting equipment for anything other than fighting a fire are all violations of state law, and violators will be referred to the Urbana Police Department. Disciplinary action will also be taken at school.

2. Extraction Rooms

In case of fire, students unable to use the steps will go to one of the following classrooms:

2174, 2224, 3118, and 3165

3. Disaster Alarm – Tornado Warning

- A. The disaster alarm is a series of short sounds on the fire alarm.
- B. Any time the disaster alarm is sounded, we must react as though a disaster is imminent. Shelter locations are posted in all classrooms and will be shared by all classroom teachers.
- C. Setting off a false disaster alarm is a violation of state law, and violators will be referred to the Urbana Police Department. Disciplinary action will also be taken at school.

4. Code Red

Students must be inside a locked classroom or office away from doors and windows and are to wait for further instructions from the classroom teacher.

5. Power Outages

If a power outage occurs, students are to remain in their location. If the outage includes a passing period, students are to remain in class.

GENERAL EMERGENCY CARE

It is the parent/guardian's responsibility to do the following:

1. Provide the school with pertinent medical information regarding each student.
2. Provide the school with the following information:
 - Current home and work phone numbers.
 - At least one phone number of a responsible adult who will take charge in an emergency.
 - Current hospital and doctor preference.
3. Assume responsibility for student as soon as possible and/or decide course of action.
4. Incur the expenses of emergency care.

ADVERTISEMENTS AND PUBLICATIONS

All advertisements and publications need prior approval by an administrator or SI before posting. These materials include posters, campaign signs, spirit signs, and any extra-curricular signs.

These materials may not be taped to any painted surfaces and must be removed immediately by the sponsoring group after the event has taken place.

SEARCH AND SEIZURE

7:140 Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This paragraph applies to student vehicles parked on school property. In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

7:150 Agency and Police Interviews

The Superintendent shall develop procedures to manage requests by agency officials or police officers to interview students at school. Procedures will: (1) recognize individual student rights and privacy, (2) minimize potential disruption, (3) foster a cooperative relationship with public agencies and law enforcement, and (4) comply with State law.

VIDEO CAMERA SURVEILLANCE

Use of Video Cameras on School Buses

Video cameras may be used on school buses as necessary in order to monitor conduct and to promote and maintain a safe environment for students and employees.

Students are prohibited from tampering with the video cameras. Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the School District for any necessary repairs or replacement.

The content of video recordings are student records and are subject to District policy and procedure concerning school student records. Only those people with a legitimate educational or administrative purpose may view the video recordings. If the content of a video recording becomes the subject of a student disciplinary hearing, it will be treated like other evidence in the proceeding.

Use of Video Camera Surveillance on School Property

Video cameras may be used in schools and on school property as necessary in order to monitor conduct and to promote and maintain a safe environment for students and employees.

Students are prohibited from tampering with the video cameras. Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the School District for any necessary repairs or replacement.

The content of video recordings may constitute student records which would be subject to District policy and procedure governing student records. Only those people with a legitimate educational or administrative purpose may view the video recordings. If the content of a video recording becomes the subject of a student disciplinary hearing, it will be treated like other evidence in the proceeding.

ACADEMIC INFORMATION

Please refer to the Course Descriptions and Planning Guide for more information about scheduling, grades, credits, requirements, curriculum policies, etc.

INTERNET ACCESS TO GRADES

Parents and/or guardians have real-time internet access to their student's progress report, teacher grade books, semester, and final exam grades. Parents/guardians should refer to the access code and directions provided to them during registration for access to this information. Please go to <http://family.usd116.org> to view the records available for your student. If you were unable to pick up your access code and directions at registration, please contact the UHS office.

Students will also have real-time internet access to their progress report, teacher grade books, semester, and final exam grades. Students should receive an access code or they can see the technology integration specialist (Tammy Newton) to get their code. Information on using this resource can be found on the UHS web site: <http://www.usd116.org/uhs>.

GRADUATION REQUIREMENTS

Forty-five (45) total credits are necessary to earn a diploma. All courses passed at the semester, including P.E., earn one credit. Department Aide and Student Directed Learning earn ½ credit.

Graduation Requirements

<i>Curriculum</i>	<i>Required Semesters</i>
Academic Learning Support	0-6

Early Graduation

Early graduation will reduce the number of required P.E. semesters by one for each semester of early graduation. However, total graduation requirements will remain the same. Students opting to complete in December are NOT allowed to participate in the Senior trip. They are eligible to participate in both Prom and Graduation.

WEIGHTED OPTION

Certain courses may offer students the option to take the class for weighted credit, enabling students to receive an extra honor point. This extra honor point may only be earned if the student receives an A, B, or C. No extra weight will be given to a student who earns a D or lower. See page 8 for the UHS honor point scales. In all cases the course descriptions will note if this option is available. A student moving from a weighted class to a non-weighted section will receive a 10% increase in his/her grade at the time of the move.

PASS/FAIL

A student may elect to take one course pass/fail per semester. If a student earns an A, B, or C in the course, a P will appear on his or her transcript, and he or she will earn credit. In this case, the course will not be counted toward GPA or class rank. If the student earns a D in the course, a D will appear on the transcript, and he or she will receive high school credit, but the class will count toward GPA and class rank. An F will not count toward credit, but will count in GPA and class rank calculations. Teachers will not be informed when students are taking a course pass/fail. Arrangements for pass/fail grades need to be made with a counselor no later than five days after the first progress report.

There will be no pass/fail option in:

- Any courses in English, Math, Science, Social Studies, and Foreign Language
- P.E., Health, and Tiger Marching Band classes
- Any courses used to meet the consumer education requirement
- Weighted courses

INDEPENDENT STUDY

Independent study courses that will advance the student's knowledge in an area not offered in the current curriculum are available to students who are in good academic standing. Students may be asked to pay for additional materials not currently available at Urbana High School such as alternative textbooks and lab supplies. The supervising teacher must be certified in the area of focus and the course will include a semester exam. It is the student's responsibility to find a supervising teacher. Independent study requests are available in the counseling office and must be submitted by the end of the first week of each semester. Final approval of the independent study rests with the principal. This class will receive 1 credit per semester and may be taken within or outside the school day.

STUDENT DIRECTED LEARNING (SDL)

The opportunity to participate in an SDL is afforded to juniors or seniors who are seeking enrichment or advanced learning in a specific area, or who can contribute to the education of other students. One form of SDL may involve the students tutoring, teaching, or assisting other students. The class will receive .5 credits and is an automatic Pass/Fail. This course does not count as the student's one Pass/Fail course. SDL applications are available in the counseling office.

COLLEGE/UNIVERSITY CREDIT

Credit accepted from a college/university to be applied to the requirements for graduation from Urbana High School shall be limited to a maximum of three credits. A three-semester hour college course will count as one UHS credit. College courses fewer than three semester hours will equal one-half UHS credit.

GRADE LEVEL DETERMINATION

Students who have fewer than 10 credits are classified as freshmen regardless of the student's age or number of years attending school. Students with 10-20 credits and who have completed two semesters are classified as sophomores. Students with 21-30 credits and who have completed four semesters are classified as juniors. Students with 31 credits or more, who have taken the PSAT, and have completed six semesters are classified as seniors. The classification of students who have participated in home schooling or other alternative educational placements will be determined by the principal.

PLEASE NOTE: The classification of students who have participated in home schooling or other alternative educational placements will be determined by the administration on an individual basis.

CREDIT RECOVERY

In an effort to ensure that all of our students have the opportunity to graduate with their respective classes, Urbana High School conducts after school sessions throughout the school year that will allow students who are behind to recapture lost credits. This program is free and designed for any student who has been reclassified or failed a class in the first semester. Due to limited space, students interested in this program should contact their counselor.

PLACEMENT IN COURSES

While parents are strongly encouraged to follow placement recommendations based on a number of measures and criteria, the placement of students in courses is ultimately the decision of the parent/guardian.

MINORITY ENRICHMENT PROGRAM

The Minority Enrichment Program supports minority students enrolled in weighted courses by providing them with additional services as they continue to achieve academic success. Services include in-school academic mentoring, an after school study center with University of Illinois student volunteer tutors, and enrichment activities such as content-based monitoring, leadership development, career seminars, and presentations from young professional speakers.

HOME AND NON-PUBLIC SCHOOL CREDITS

Guidelines for receiving credits for home and non-public schooling will be determined by the Principal.

FINAL EXAMINATIONS

Students may not take semester exams early unless there are extenuating circumstances. Teachers who have students requesting to take the final exam early must get approval from the Assistant Principal. If students miss an exam, they may take the exam on the semester exam make-up day or at some other administratively approved, pre-arranged time after the final exams are given.

Students are required to take exams during the regularly scheduled time. If unable to do so because of illness, the student must obtain a doctor's statement certifying his/her inability to take the exam.

Students who leave before the end of the semester will have his/her semester grade calculated by one of the following methods:

1. Receive an "Incomplete" and take a make-up final exam any time before the first grading period of the following school year. Arrangements are to be made between the student and teacher.
2. Take an "F" for the final exam. This will be used in computing the semester grade.
3. Have the semester grade computed on the basis of performance during the quarterly grading periods.

It is the responsibility of the student to discuss how the grade will be calculated with his/her teachers and to make arrangements for each course. The same option will not necessarily apply to all courses. Students are to secure an "Anticipated Leave Request" form from the Attendance Office, room M155, if they plan to leave early.

In the case of a graduating senior, the election of option "1" above will mean that the diploma and graduation will be held-up until the course work is satisfactorily completed.

INSTRUCTIONAL MATERIALS SELECTION

It is the responsibility of parents to inform the Principal or Assistant Principal if they would prefer their children not use or observe instructional materials that have content that might be offensive to them. The teachers are professional and conscientious, but we recognize that families have a right to determine the appropriateness of materials shown to their children. It is the responsibility of students or their parents to inform classroom teachers when they need to use an alternative set of materials for personal reasons. This complies with Board of Education Policy 6:40, Curriculum Development.

A comprehensive list of core materials and major works that may be used for instruction can be found at each building and on the district website: <http://www.usd116.org.org> under Curriculum link. This list is reviewed by the Board of Education on an annual basis. This complies with Board of Education Policy 6:210, Instructional Materials.

2. To review student records, parents are to contact the Principal or counselor in the high school to set up an appointment for this purpose.
3. Students in grade nine or of age fourteen and above may review their personal records upon request.
4. If a parent or student feels that a record is inaccurate, misleading, or otherwise in violation of the privacy or other rights of students, this concern should be indicated in writing to the Principal. If the school agrees with the parent and/or student concerned, the record will be corrected, deleted, or changed to meet the request. If the school does not concur with the request for change, the written challenge to the records will be placed with the record being challenged along with a statement by the school indicating why the requested change is not being made. A further request for Board review would be the parents' prerogative.
5. If the written addendum is not satisfactory, parents and/or students may request a formal hearing to challenge the records of the student to further ensure that the information is not inaccurate, misleading, or inappropriate and to provide for correction, deletion, or explanation of such information.

INTERSCHOLASTIC ACTIVITIES

Interscholastic athletics at Urbana High School are an integral part of the total school program. Our athletic teams have a statewide reputation for their skill, their sportsmanship, and their will to win. It is the desire of the school administration, the athletic department and the coaches to maintain this excellent reputation. We, therefore, urge all students to join us in our program. The program is organized and conducted according to the rules and regulation set forth by the Illinois High School Association (IHSA) supplemented by our own rules as established by the administration.

The standards are high; but the rewards are great. The opportunity to take part in sports is given to every student enrolled in our high school, providing he/she is able to carry and pass the required number of academic subjects.

Our athletic activities are seasonal. A student may participate in more than one sport in a given season pending coach approval. Students who participate in interscholastic athletics must have:

- A physical examination each year
- Proof of registration on the UHS athletic website
- Proof of medical insurance.

SCHOOL NEWSPAPER

Urbana High School publishes a newspaper called *The Echo*. Any student interested in participating as a writer, photographer, editor, etc. should contact the staff coordinator.

YEARBOOK

The *Rosemary* is published every year at Urbana High School. Many students are needed to organize, develop, design and layout the school's annual. Any student interested should contact the yearbook coordinator.

STUDENT GOVERNMENT

Urbana High School has a very active student government, the "Student Senate." The Senate meets on a regular basis during the school day. This organization is in charge of all student elections and many other school community activities. The Student Senate Office is located in room 1208.

STUDENT CONDUCT CODE

STUDENT RIGHTS AND RESPONSIBILITIES

To help the school achieve its mission we have a belief in the rights of the individual that require the school adhere to the following:

RIGHTS AND RESPONSIBILITIES FOR HIGH SCHOOL STUDENTS

1. The rights and limits of students respecting freedom of speech, press, and assembly shall be in accord with the first amendment of the United States Constitution.
2. In each secondary school there shall be established an elective and truly representative student-directed government with offices open to all students. All students shall be allowed to vote. This governing body shall be elected on the basis prescribed by the constitution of each individual school.
3. Students shall have the right to counsel and due process procedures in the matters of suspension and expulsion.
4. Students shall not be subjected to unreasonable or excessive punishment.
5. In light of the creation of orderly procedures for dealing with students' concerns, no student shall disrupt the educational process within a school.

6. Every member of the school community, including students, parents, and the school staff, has the responsibility to promote regular attendance at school, orderly conduct and behavior, freedom from fear of insult or injury, and maximum opportunities for learning on the part of each student.
7. Every member of the school community, including students, parents, and school staff, has the right and responsibility:
 - a. To be respected as individuals and to treat others fairly and without prejudice.
 - b. To be civil and to show respect in all dealings with peers and adults in the school.
 - c. To learn without disturbance or distraction and to contribute to a positive and safe school environment.
 - d. To participate in his/her own learning and to take education seriously.

PURPOSE OF A DISCIPLINARY CODE

Rationale: Why do we have a general disciplinary code for our school?

Our first responsibility to our students and to our staff is to provide for their safety. Our Student Disciplinary Code was designed to enhance the achievement of the school's mission and to protect the safety and the rights of each individual. Also, the Conduct Code was designed to maintain a pleasant, healthy, respectful environment for students, staff, and visitors.

The Urbana High School Student Disciplinary Code conveys that our school stands for certain core values such as responsibility, honesty, being respectful to others, and good citizenship that are norms for our society. It is the responsibility of our school to teach these core values, to reinforce their importance, and to enforce behaviors that are consistent with them.

The Urbana High School Student Disciplinary Code is aimed at teaching and maintaining boundaries of reasonable behavior. It is aimed at teaching students that responsibility includes knowing what the possible consequences are before choosing or acting, accepting that consequences accompany choice, and that choosing and acting must occur within the context of considering the impact on others.

STATE LAW

State law requires that schools keep discipline records for serious infractions in the student's temporary record for not less than five years after the student has transferred, graduated, or otherwise withdrawn from school. A student's temporary record must include information regarding serious disciplinary infractions that resulted in expulsion, suspension, or the "imposition of punishment or sanction." A serious disciplinary infraction is defined as "an infraction involving drugs, weapons, or bodily harm to another."

Criteria for in good standing: **Passing at least 5 classes (same as athletic eligibility), No unexcused absences, No delinquent detentions, and No Offenses.**

Reminder this is run weekly, so a student could lose good standing one week and be back in good standing the next.

Administration may also determine in good standing as well.

Other recognition for students in good standing may be added throughout the year.

DISCIPLINE AND BEHAVIOR SUBJECT TO SCHOOL POLICIES

School discipline is defined at Urbana High School as the guidance of the conduct of students in a way which permits the orderly and efficient operation of the school, i.e., the maintenance of a scholarly, disciplined atmosphere which provides maximum educational opportunities for each and every student. A major goal of the staff and administration of Urbana High School is to maintain an environment that is safe for all students so that optimum learning is possible. If at any time a student feels endangered, he/she should report this concern immediately to any staff member including teachers, counselors, SIs, and administrators. All discipline and consequences will be assigned following Illinois Senate Bill 100 guidelines. This is just a guidebook and each case/student will be considered individually.

The following are examples of unacceptable behaviors that may occur and would be subject to disciplinary action:

1. **BULLYING:** Urbana School District board policy prohibits bullying, intimidation, and/or harassment of students on the basis of actual or perceived race, color, religion, sex, sexual orientation, gender-related identity or expression, national origin, ancestry, age, marital status, physical or mental disability, military status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic. The District will not tolerate harassing, intimidating conduct, or bullying that interferes with a student's educational performance, or creates a hostile educational environment.

Bullying, intimidation, and harassment are prohibited:

- While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities; or
- During any school-sponsored education program or activity; or
- Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

Bullying Defined

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to:

- Place the student or students in reasonable fear of harm to the student's or students' person or property;
- Cause a substantially detrimental effect on the student's or student's physical or mental health;
- Substantially interfere with the student's or students' academic performance; and/or
- Substantially interfere with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of bullying include, but are not limited to: name-calling, using derogatory slurs, harassment, threats, intimidation, stalking, causing psychological harm, threatening or causing physical violence, sexual harassment, sexual violence, theft, public humiliation, threatened or actual destruction of property, wearing or possessing items which depict or imply hatred of or prejudice

against individuals based on one or more of the distinguishing characteristics listed in the second paragraph of this policy, or retaliation for asserting or alleging an act of bullying.

UHS Bullying Policy Statement

Bullying, Intimidation, and Harassment Prevention Policy

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors is an important District goal. The Superintendent or designee shall develop and maintain a program that:

1. Fully implements and enforces each of the following Board policies:
 - a. Harassment of Students Prohibited. This policy prohibits any person from harassing or intimidating a student based upon a student's sex, color, race, religion, creed, ancestry, national origin, physical or mental disability, sexual orientation, or other protected group status.
 - b. Student Discipline. This policy prohibits students from engaging in hazing or any kind of aggressive behavior that does physical or psychological harm to another or any urging of other students to engage in such conduct; prohibited conduct includes any use of violence, force, noise, coercion, threats, intimidation, fear, harassment, bullying, hazing, or other comparable conduct.
 - c. Restrictions on Publications and Written or Electronic Material. This policy prohibits students from: (i) accessing and/or distributing at school any written or electronic material, including material from the Internet, that will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities, and (ii) creating and/or distributing written or electronic material, including Internet material and blogs, that causes substantial disruption to school operations or interferes with the rights of other students or staff members.
2. Full implementation of the above policies includes: (a) conducting a prompt and thorough investigation of alleged incidents of bullying, intimidation, or harassing behavior, (b) providing each student who violates one or more of these policies with appropriate consequences and remedial action, and (c) protecting students against retaliation for reporting such conduct.
3. Examines the appropriate steps to understand and rectify conditions that foster bullying, intimidation, and harassment; this contemplates taking action to eliminate or prevent these disruptive behaviors beyond traditional punitive disciplinary actions.
4. Includes character education in all grades in accordance with State law and Board policy 6:60, Curriculum Content. This includes incorporating student social and emotional development into the District's educational program as required by State law and in alignment with Board policy 6:65, Student Social and Emotional Development.
5. Fully informs staff members of the District's goal to prevent students from engaging in bullying and the measures being used to accomplish it. This includes: (a) communicating the District's expectation – and the State law requirement – that teachers and other certificated employees maintain discipline, and (b) establishing a process for staff members to fulfill their obligation to report alleged acts of bullying, intimidation, harassment, and other acts of actual or threatened violence.
6. Encourages all members of the school community, including students, parents, volunteers, and visitors, to report alleged acts of bullying, intimidation, harassment, and other acts of actual or threatened violence.
7. Actively involves students' parents/guardians in the remediation of the behavior(s) of concern. This includes ensuring that all parents/guardians are notified, as required by State law, whenever their child engages in aggressive behavior.
8. Communicates the District's expectation that all students conduct themselves with a proper regard for the rights and welfare of other students. This includes a process for commending or acknowledging students for demonstrating appropriate behavior.
9. Annually communicates this policy to students and their parents/guardians. This includes annually disseminating information to all students and parents/guardians explaining the serious disruption

caused by bullying, intimidation, or harassment and that these behaviors will be taken seriously and are not acceptable in any form.

10. Engages in ongoing monitoring that includes collecting and analyzing appropriate data on the nature and extent of bullying in the District's schools and, after identifying appropriate indicators, assesses the effectiveness of the various strategies, programs, and procedures and reports the results of this assessment to the Board along with recommendations to enhance effectiveness.

11. Complies with State and federal law and is in alignment with Board policies. This includes prompting the Board to update the policy beginning every 2 years after its initial adoption and filing this policy with the Illinois State Board of Education after the Board adopts or updates it.

2. **CELL PHONES:** Student cell phone use privileges in a classroom setting are determined by the classroom policies and norms of the instructor. The instructor shall disseminate the cell phone policy to students and parents the first week of school. Students and parents will need to sign off, acknowledging the instructor's policy. The instructor will submit the policy to administration by September 1. It is the student's responsibility to know the procedures in each class and abide by those policies during the school day. (The school day is defined as 8:00-3:16 Monday/Tuesday/Thursday/Friday, and 8:00-2:26 on Wednesday). This would include personal calls, text messaging, and/or use as a camera, calculator, or clock. Cell Phones and music devices can be used in the lunchroom and in the hallways during passing periods as long as they do not pose a threat to school safety or a disruption to the learning environment. Also, no head devices such as Bluetooth may be used. Students needing to use a phone may do so in the Attendance or Student Assistance Office. Violation of this policy will result in disciplinary actions. Chronic violation could lead to more serious consequences. The use of a picture cell phone to invade the privacy of anyone or the use of any cell phone to cheat will involve a serious school consequence. The school is not responsible for lost or stolen cell phones.
3. **UNAUTHORIZED VIDEOS/PHOTOGRAPHS TAKEN IN CLASS:** Unless expressly authorized by the classroom teacher, students may not use cell phones or any other electronic device to record videos or take photographs of themselves, other students, teachers, or other persons within a classroom. Examples include, but are not limited to taking videos or photographs of staff while they are teaching, taking videos or photographs of students as they are participating in class, taking videos or photographs of fights, arguments or any other disciplinary incidents occurring in the classroom. Violation of this policy will result in disciplinary action. Chronic violation could lead to more serious consequences.
4. **PUBLICATION OF UNAUTHORIZED VIDEOS/PHOTOGRAPHS TAKEN IN CLASS:** Unless expressly authorized by the classroom teacher, students may not post on-line, send electronically, or otherwise disseminate unauthorized videos or photographs of themselves, other students, teachers, or other persons taken within a classroom as described in part 3 above. Examples include, but are not limited to taking a video or photograph of a teacher while they are teaching and posting it on Facebook or YouTube or taking a video of an incident between students which occurred in the classroom and sending it electronically to others. Violation of this policy will result in disciplinary action. Chronic violation could lead to more serious consequences.
5. **CHEATING:** Cheating/plagiarism is misrepresenting another person's work or any part of another's work as your own or allowing your work to be used in such a manner. Students are expected to perform their own work. In cases of cheating, cheating will be documented and the department policy will be followed. The instructor will share the cheating policy with students and parents.

6. **DAMAGE OF SCHOOL PROPERTY** is defined as the defacing or destruction of any building or fixture; this includes the willful writing, making marks, drawing characters, etc., on walls, furniture, lockers, and texts.
7. **DISRUPTIVE BEHAVIOR** is defined as behavior that disturbs the educational atmosphere within the classroom, the school at large, or on school grounds; this includes loud and boisterous conduct, running, horseplay, throwing snowballs, etc., which disrupts the orderly, efficient, and normal conditions in the operation of the school.
8. **DRESS/SYMBOL:** Students at UHS should take pride in their dress and grooming to reflect favorably upon themselves, their parents, their school, and the whole community. In order to do this, they must strive at all times to present a generally neat appearance. School personnel reserve the right to make the determination on acceptable appearance and dress. Administrators also reserve the right to instruct students who are dressed inappropriately to change their attire and/or remove accessories that have the potential to be used as weapons. Failure on the part of the student to accommodate the request of school personnel will be viewed as gross disobedience and insubordination.

At no time may students wear clothes that are considered to be too revealing as determined by a staff and/or administrator. Spaghetti straps and tube tops are not allowed. Dresses, skirts, and shorts must extend past the middle knuckles when the student's arm is hanging at their side. Garter leggings are prohibited. All head coverings, which include hats, do-rags, scarves, and hoodies must be worn with ears and face visible in a manner that does not obscure identity while in the hallways, classroom and common areas. It is the responsibility of the student to know and abide by these policies. Sunglasses are not permitted. All students must wear shoes. Failure to comply may result in loss of open lunch privileges.

26. **PARKING:**

- a. Students may park on the public streets. They may also purchase a parking sticker for the student lot. The parking sticker provides permission to park in the lot but it is not a guarantee of a parking space. Parking permits are \$40 per school year and \$25 per semester. BUS RULES AND EXPECTATIONS

A safe, orderly, and respectful environment for everyone is the expectation on the school bus. Whenever students are riding a schoolbus, whether on a regular route each day or on a field trip, they are responsible to follow these rules. Parents are urged to encourage good bus riding habits so that the driver may direct his or her attention to the surrounding traffic and to safe loading and unloading procedures.

1. To ensure safety, the driver must be totally in charge. Students must respond promptly to instructions given.
2. Students must get completely quiet when the bus stops at railroad tracks.
3. Animals, oversized objects, glass containers, or any inappropriate materials (i.e. tobacco and related material, alcohol, and other prohibited items) are not allowed on the bus, as designated by School Board Policy.
4. Eating and drinking while on the bus is not allowed, as a step to prevent choking. All food and drinks should be stored away in closed containers or packages during the bus ride.
5. Students must observe classroom and school-wide expectations as covered by the Student Handbook. Ordinary conversation is permitted. Horseplay, unruly behavior, fighting, abusive and obscene language or gestures are unacceptable. Kicking, hitting, pushing, spitting, yelling or screaming, littering or other inappropriate behaviors are forbidden on the bus, just as they are at school or on the school grounds.
6. Students must keep feet, backpacks, book bags and other items within the seating areas at all times. The aisles and stairwell must be clear of items and objects at all times.
7. All body parts must be kept inside the bus window at all times.
8. Students must remain seated in the same seat facing forward until they are dropped off at their bus stops. Moving about the bus while it is in motion is unsafe and unacceptable. A student must move out of a seat promptly if requested to do so by the driver or monitor.
9. If a student causes damage to the bus, parents will be expected to pay for that damage.
10. Regular schedules must be observed. The bus will not wait for tardy students. Students must be at the bus stop 5 minutes before the scheduled pickup time.
11. Students should get on and off the bus only at their designated stops.
12. Failure to follow these rules may result in a range of consequences up to and including suspension from transportation.

CONSEQUENCES OF INAPPROPRIATE BEHAVIOR

If you violate the rules of Urbana High School, certain consequences will follow. The specific consequences will be determined on the basis of the severity and/or frequency of the offense. The selection of the appropriate consequences for inappropriate behavior will be decided by the Student Interventionist and may include consultation with the teacher. Your parent/guardian will be informed of the discipline consequence if it involves an assignment to Restorative U, Saturday School, or a suspension. Parents will not necessarily be contacted if a student is assigned a detention. Students who are involved in extracurricular activities or athletics may face other consequences in addition to school disciplinary action if their conduct violates the Extra-Curricular Code of Conduct.

Per Senate Bill 100, among the factors that an administrator/SI considers are:

1. Student's age
2. Seriousness of the offense
3. Frequency of inappropriate behavior
4. Circumstances and intent
5. Potential effect of the misconduct on the school environment
6. Relationship of the behavior to any disabling condition

COUNSELING

Students may need counseling services. This service may be provided within the building among support staff or outside the building with community resources.

DENIAL OF PRIVILEGES

The administrators or SIs may exclude a student from a particular class or extra-curricular activity as a participant or spectator, take away the student's open lunch privilege, exclude the student from participating in field trips, or place a student on the restrictive pass list if student is frequently in the halls.

DETENTION

All certified personnel or designee may assign detentions. A student may be assigned detention either before or after school. The sole activity permitted in detention is silent study. Failure to complete detentions within the allotted days given will result in further consequences.

RESTORATIVE U ASSIGNMENT

Students may be assigned to the Restorative U for reasons relating to discipline or attendance. For disciplinary offenses, an administrator in coordination with student support services will determine the time period that the student will spend in RU. Students may be assigned RU if they are not successful with other behavioral interventions. Misbehavior or failure to complete RU assignments could result in an external suspension. In the RU room, the following rules will apply:

- Students will arrive on time to avoid consequences for tardiness.
- Students should arrive equipped with all books and materials necessary to work for the entire period of time, otherwise, appropriate work will be provided relative to the student's class schedule. This work will count for full credit, but the student will still be responsible for any work missed if they were not able to work on the original class assignment. Support services staff may also meet with a student during this time.
- Students must work on schoolwork while in the RU room, and will not be allowed to sleep, talk to other students, or engage in disruptive behavior. If a student's behavior is unsatisfactory, or if he or she fails to attend, the Assistant Principal may assign out of school suspension.
- Students assigned to the Restorative U (RU) will eat lunch during one of the designated lunch hours and will be escorted by the RU supervisor, to and from the commons/cafeteria.
- Students will participate in restorative chats, lessons and activities while in RU.
- Students will participate in a service activity while in RU.

EXPULSION FROM SCHOOL

In very serious discipline cases, the Principal may recommend expulsion of a student to the Superintendent of Schools, who, in turn, will review this recommendation and may recommend expulsion to the Board of Education. The Board of Education has the authority to expel a student for up to two years.

POLICE REFERRAL

Acts, which are illegal under the Criminal Code of Illinois, will be reported to the police. This referral does not, however, forego the application of school disciplinary action for the same incident.

PROBATION

The categories of probation should be written out in detail by the administration and faculty so there will be no misunderstanding on probation, including disciplinary probation, academic probation and social probation. The Principal and administrative staff may put a student on probation if they feel it is in the best interest of the student and student body.

Students may be asked to seek counseling. This assignment may be within the building among support staff or outside the building with community resources.

SATURDAY SCHOOL

A student may be assigned a Saturday School. This program is an alternative consequence to a suspension and allows students the opportunity to fulfill disciplinary consequences without missing valuable class time. Saturday School is held from 8:00am – 12:00pm on specified Saturdays. The only activities allowed in Saturday School are doing the work that teachers have sent for students to complete and silent reading.

SUSPENSION OF THE STUDENT

Suspension of the student to his/her home is intended to indicate to the student and the student's parent/guardian the seriousness of the disciplinary problems and to secure their cooperation in solving them. Students should make up all work missed due to suspensions and will receive academic credit for that work. A student cannot return to school without a parent/guardian for a re-entry conference with the SI. If needed, the conference may involve other school personnel.

1. **For drug/alcohol offenses**, written documentation of counseling must be presented at the re-entry conference in order to reduce the number of days of suspension. Counseling must be completed within six (6) weeks of the re-entry date. Upon completion, written notification must be forwarded to the Student Interventionist.

In the event the problem cannot be resolved within the stipulated period stated, the SI may re-suspend the pupil. Continuation of the acts leading to the suspension of the pupil may result in referral for action by the Board of Education.

2. **Special Education Discipline for Suspensions Over 10 Cumulative Days**

When a student who is receiving special education services via an IEP is being considered for a suspension that will take place over 10 cumulative suspension days, the SI will refer the student to an Urbana High School administrator. The administrator will make a determination as to whether or not the student will be suspended and whether or not the suspension constitutes a change of placement. Upon this determination, discipline procedures will be followed in accordance with the IDEA Amendments of 1997.

SERVICE LEARNING

As an alternate to, or a reduction in, suspension days, the student may be given the opportunity to remain in school and instead, complete community service hours. This would include, but is not limited to: picking up trash on school grounds, sweeping hallways, cleaning school facilities, etc. The SI and/or administrator will decide under what conditions this alternative will be an option.

STUDENT ORGANIZATIONS AND ACTIVITIES

Students must be in good financial standing to participate in athletics, extra-curricular events, organizations, or activities. This includes, but is not limited to athletics, special field trips such as the Senior Trip, Prom, dances, and clubs. Students must be in good financial standing to participate in the graduation ceremony and to receive final report cards. Students are considered to be in good standing if they are free from owing any money to Urbana High School. Debts may include but are not limited to textbook, lock, library, and athletic fines.

NOTE: Urbana High School sponsors certain extra-curricular activities/events that are open only to UHS students as participants and/or spectators.

1. “Extra-curricular organizations” are sponsored by Urbana High School and do not include graded courses, classes, or activities for which academic credit is received. Some of these organizations, such as athletic teams, have academic eligibility requirements. The Extra-Curricular Conduct Code applies to all officers and some members of all extra-curricular organizations. School sponsored clubs are also considered to be extra-curricular organizations.
2. “Extra-curricular activities” are activities like dances and “Tailgreat” that are sponsored by Urbana High School. There are no academic eligibility requirements. The Urbana High School Conduct Code applies to participants but the Extra-Curricular Conduct Code does not.

ELIGIBILITY FOR MEMBERSHIP AND PARTICIPATION IN EXTRA-CURRICULAR ORGANIZATIONS/ACTIVITIES

Participation in extra-curricular organizations can enrich a pupil’s high school experience. Participation is a privilege, not a right.

Extra-curricular organizations are open to all students. However, in order to participate in some of these organizations, such as athletics and student senate, students must meet basic requirements. The administration shall create standards for eligibility to participate in extra-curricular organizations.

Students who participate in Illinois High School Association sponsored activities must additionally comply with IHSA rules regarding academic eligibility.

Eligibility for extra-curricular participation of students having an individualized education program, or receiving reasonable accommodations pursuant to #504 of the Rehabilitation Act of 1973, shall be subject to this policy, unless otherwise determined by the student’s education team.

The administration shall annually report to the Board of Education the number and length of suspension of students from extra-curricular organizations, which result from the application of this policy for the period, covered by the report, and shall file a copy of each such report with the Illinois State Board of Education.

EXTRA-CURRICULAR CONDUCT CODE

RATIONALE SUPPORTING AN EXTRA-CURRICULAR CONDUCT CODE

Rationale: Why does our school offer and support extra-curricular activities?

Extra-curricular activities are worth the investment in time and resources because they provide:

1. Special vehicles to teach and reinforce problem solving, decision-making, cooperation with others, good sportsmanship, pride in self, responsibility, honesty, and other core values taught in the curricular program;
2. Opportunities for students to develop talents and skills not developed through the regular curricular program;
3. Opportunities for students to develop and to learn through applications of musical intelligence, spatial intelligence, bodily-kinesthetic intelligence, intra-personal intelligence, and inter-personal intelligence in ways that are not offered through the regular curricular program;
4. Opportunities for students to explore interests;
5. Opportunities for students to learn about and to participate in constructive uses of time and energy;
6. Challenges to test one's personal limits;

Rationale: Why do we have an Extra-Curricular Conduct Code?

The extra-curricular program is an extension of the regular curricular program. Therefore, the Student Conduct Code applies at events, performances, contests, practices, and in transit just as it applies at school. At the same time, extra-curricular organizations have some additional dimensions: (1) participation is voluntary; (2) they are provided through a great commitment of resources; (3) they serve only those members of the student body who elect to participate; (4) many of the events occur in view of the public and tax payers who support the events; (5) the inclusion of these events is justified on the basis of the special and/or extra benefit to the participants; and (6) many of these events take place before or after school hours and away from our school's grounds and facilities. Consequently, it is necessary to have a special Extra-Curricular Code that supplements and complements the Student Conduct Code to address the additional or different issues that can arise from conducting extra-curricular events.

Extra-curricular organizations/activities were never intended to supplant or replace the regular curricular program. Therefore, participation in extra-curricular events is considered a privilege. The district reserves the right to discontinue some or all of its extra-curricular activities for financial or other reasons. Students who participate are accepting the responsibility of representing the high standards of conduct and values for which Urbana High School stands. Failure to comply with those standards can result in the revocation of the privilege to participate.

BASIC REQUIREMENTS FOR PARTICIPATION

1. Athletic Requirements

- A. The student participant must be producing passing work in at least five (5) subjects (twenty-five (25) hours).
Eligibility will be checked on a weekly basis. Grades for eligibility will be submitted every Thursday. Student-athletes must be passing at least five classes on this Thursday to be eligible for competition on Monday through Saturday of the following week. Student-athletes not passing five classes on Thursday will be considered ineligible for competition during the following week and must earn passing grades in at least five classes by the next Thursday when eligibility is checked again.
When a student-athlete is not passing five classes at the end of a semester, this person is considered ineligible for competition for the entire next semester of school and can not regain eligible status unless he or she is passing five classes at the end of this next semester. For the purpose of eligibility, the academic learning support class is considered one subject area. This means that students must be producing passing work in both the English and math sections of the course. Student directed learning and department aides are considered subject areas and are counted toward eligibility as well.
Credit recovery courses, university/college courses, and on-line courses cannot be counted toward weekly eligibility. These courses may be counted toward semester eligibility with approval from the administration.
- B. The student participant must have a valid physical examination on file in the Athletic Office before the beginning of practice. This exam must be current, i.e., dated less than one year from the end of the season in which the student is to participate.
- C. The student participant must have purchased the student accident insurance or have on file in the athletic administrator's office a form that verifies adequate coverage by a family or group policy. Urbana School District does not assume financial responsibility for accidents incurred in athletics.
- D. There is a one-time \$50.00 per athletic season fee with a maximum of \$100.00 per school year for each athlete. The student participant, who is accepted onto a team and then is suspended, dismissed, or resigns will not receive a refund.
- E. The student participant must comply with all school rules and expectations including the Student Conduct Code.

2. Other Extra-Curricular Organization Requirements

- A. See item A from the Athletic Requirements section above.
- B. The student participant must comply with all school rules and expectations including the Student Conduct Code.

ADDITIONAL REQUIREMENTS FOR PARTICIPATION

1. Athletics Only

- A. As a condition of participation, students agree to comply with all rules and regulations established by the Illinois High School Association.
- B. A season begins with the first day of practice and extends through the final competition for members of the team, or presentation of awards, whichever is later.
- C. As a condition of participation, students must be in attendance at least three (3) classes on days of competition in order to participate. If a student does not attend at least three classes on a Friday, this student-athlete is ineligible for participation in any events scheduled throughout the course of the weekend. **Note:** The Principal, the Principal's designee, or the Assistant Principal/Athletic Director may waive this requirement if there are extenuating circumstances beyond the student's control.
- D. As a condition of participation, students who are medically excused from PE classes, practices, or games may not return to participate without a written release from their doctor.
- E. As a condition of participation, students must comply with the rules set by their coach for participation in practice. Participation in practices can be important for the safety and health of the student participants.
- F. All student-athletes and their parents must sign the IHSA Steroid Testing Policy and Consent to Random Testing form before they are allowed to compete in interscholastic sports at the varsity level.

2. Students in any Extra-Curricular Activities are Required to Meet Eligibility Requirements for Athletics and/or all other Extra-Curricular Participation

- A. Because each extra-curricular organization has unique issues or safety concerns, the coach or sponsor may establish more specific rules and consequences for his/her respective sports, clubs, or organizations, including rules for conduct. These rules must be approved in writing by the Principal prior to the beginning of the season; they must be communicated verbally and in writing to every student participant; and they must be on file in the athletic administrator's office for student athletes, or the SI's Office for all other extra-curricular activities. Therefore, the expectations of students by an individual coach or sponsor may extend beyond those listed in the Student/Parent Guidebook.
- B. As a condition of student participation, a parent/guardian must acknowledge in writing that they have received a copy of this Extra-curricular Conduct Code and any other rules for conduct imposed by the particular coach/sponsor; they expect their child to comply with it; and, they agree to abide by it.
- C. As a condition of participation, students must be in attendance at least three (3) classes on days of competition or a performance in order to participate. If a student does not attend at least three classes on a Friday, this student-athlete is ineligible for participation in any events scheduled throughout the course of the weekend. **Note:** The Principal, the Principal's designee, or the Assistant Principal/Athletic Director may waive this requirement if there are extenuating circumstances beyond the student's control.
Note: The Principal or the Principal's designee may waive this requirement if there are extenuating circumstances beyond the student's control.
- D. As a condition of participation, students agree to be responsible for the care of school equipment or property issued and used. Students must make restitution for equipment or

- property they lose, damage, or steal.
- E. As a condition of participation, students must comply with rules about vacations or absences during a team season that are established by their coach/sponsor.
 - F. To be eligible for an award, a student participant must abide by the standards of the Extra Curricular Conduct Code and the rules established by the coach/sponsor that have been approved by the Assistant Principal/Athletic Director.

IMPLEMENTATION OF THE EXTRA-CURRICULAR CONDUCT CODE AND CONSEQUENCES FOR VIOLATIONS

Student participants represent Urbana High School outside of the season/activity period as well as during the season. Therefore, this Extra-Curricular Conduct Code shall apply to student participants for the entire calendar year. That is, rules for students participating in extra-curricular activities are in effect for the entire calendar year including June, July, and August.

Student participants who violate the Extra-Curricular Conduct Code may also be in violation of the Student Conduct Code found in the Student/Parent Guidebook. Therefore, it is possible for students to violate both codes and to receive consequences from each of the codes. Consequences resulting from a violation of the Extra-Curricular Code may carry over from school year to school year throughout the high school career of an individual student participant (see Code Violation Procedures).

1. For violations that occur at school or at school-sponsored events, the Assistant Principal/Athletic Director and a SI will be informed. The SI will apply the School Conduct Code, as outlined in the Student/Parent Guidebook, and the Extra-Curricular Conduct Code will be applied by the Assistant Principal/Athletic Director. The Assistant Principal/Athletic Director and/or SI will also inform the head coach/sponsor and parent(s)/guardian(s) of the situation and the disciplinary action being taken.
2. For reported violations that occur outside of school, including during the summer months, the administrator or SI will inform the head coach/sponsor, student participant, and parent/guardian that an investigation is in progress regarding the violation. The student participant and parent/guardian will be provided an opportunity to respond. The Assistant Principal/Athletic Director will meet with the student participant and parent/guardian to inform them of the decision regarding participation in extra-curricular activities.

Students who voluntarily inform an administrator or a SI, in a timely manner, of their own involvement in a code violation may receive a lesser penalty.

SERIOUS MISCONDUCT OR CRIMINAL OFFENSE

Serious misconduct shall include, but is **not limited to** the following: a serious traffic offense, drug/alcohol related offenses, gang activity (serious mob action), battery (fighting), endangering/ harming others, and damage to school property or public property (vandalism).

When a school administrator or SI verifies a report that a student participant has committed serious misconduct or a criminal offense, as determined by the administrator or SI the student participant will be issued consequences in a timely fashion if the action is a violation of the Student Conduct Code. The suspension from participation in all extra-curricular organizations will be determined later by the athletic director. After reviewing all of the available information, the athletic director will determine the penalty, duration of suspension, and conditions for reinstatement of the student into extra-curricular programs.

SUBSTANCE USE OR POSSESSION

Our school has a significant interest in discouraging the use of prohibited substances to provide a safe and healthy environment conducive to learning. If student participants possess, use, distribute or sell illegal drugs, look-alike drugs, paraphernalia, controlled substances, alcoholic beverages, or tobacco products, they are in violation of the Extra-Curricular Conduct Code. We encourage students not to attend gatherings where

alcohol or drugs are present.

The use of performance enhancing drugs is also prohibited by the extra-curricular conduct code. Students who participate in varsity athletics and can potentially compete in IHSA state series must sign the IHSA consent to random drug-testing form. Student-athletes who are caught in possession of or using performance enhancing drugs are susceptible to receiving consequences from the IHSA and the legal system, as well as consequences from the Student Conduct Code and Extra-curricular Conduct Code.

PENALTIES

A student may not participate in any UHS activities during suspensions resulting from violation of the Student Conduct Code. In addition, the student participant may not be present at practices or contests if these events conflict with an assigned school penalty (e.g. P.M. detention, Saturday detention, SI/teacher consequences, etc).

CODE VIOLATION PROCEDURES

When a student is found to be in violation of the Extra-Curricular Conduct Code and/or the individual coach/sponsor, the Assistant Principal/Athletic Director will determine the disciplinary consequence to be imposed. Students who participate in both athletics and one of our other extra-curricular organizations (example: drama, yearbook club, etc.) may receive penalties for violating the Extra-curricular Conduct Code and the Student Conduct Code, which can affect participation in all extra-curricular activities.

1. Athletics

- A. First Violation: The Assistant Principal/Athletic Director will convene a conference with the student participant and a parent/guardian to discuss the details of the code violation and the imposition of penalties. A SI may also be present at this meeting if the misconduct that took place falls under the category of being a school discipline issue as well. To regain eligibility, student participants must complete an athletic suspension period equal to one-fourth of the contests in the regular season. They are expected to be at all practices, but will not be allowed to dress, sit on the bench, travel with the team, or participate in contests during the suspension period. If the season has less than one-fourth of the regular season contests remaining, the remainder of the athletic suspension will carry over to the following season of the same sport. While an individual waits to complete his or her suspension during the following season, this athlete will be ineligible for any state series competition that the team may have qualified for between the beginning and end of the suspension. If the student is currently not participating in a sport, the suspension will be enforced during the student's anticipated next athletic season. Previous records will be used to determine the student's next athletic season. For instance, if a junior who has only played football in his high school career violates the code outside of football season, he will serve his suspension during the next football season.

If this student joins another sport for the first time before the next football season, he will not be allowed to serve the designated suspension during the new sport season to avoid serving his suspension during football (his primary sport). If the athlete has a history of being a multiple sport athlete in his or her career, the suspension will be served during the athletic season that immediately follows the time of the violation.

In all situations where an athlete is being issued consequences for a violation of the conduct code that took place during an off-season time, the Assistant Principal/Athletic Director will use his or her discretion to determine during which season the suspension will be served. These decisions will be made with the intention of issuing the student the most fair and appropriate consequences for his or her offense.

Students who violate the drug/alcohol sections of the Student Conduct Code should enroll in and successfully complete a drug/alcohol program. Providing proof of enrollment and completion of an approved drug/alcohol program could reduce the suspension from athletic participation. The Assistant Principal/Athletic Director shall determine if the period of the athletic suspension will be reduced.

B. Second Violation:

A conference will be convened to include the participants of the first violation conference. The second violation will result in the athlete being suspended for an entire semester of school (18 weeks) or a full athletic season. In each individual case where there is a second offense, the Assistant Principal/Athletic Director will determine which consequence (18 weeks or full sport season) is best suited for each individual situation and decide when the suspension will be enforced.

C. Third Violation:

A third violation will result in the student's placement on suspension from athletics for one to two calendar years. In the case of a third offense, additional factors, such as the severity of the incident and the individual's previous discipline records in school and athletics may be taken into consideration in determining the length of the suspension. After taking into consideration all the factors regarding the incident, the Assistant Principal/Athletic Director will use his or her discretion to determine the appropriate length of the suspension.

D. Three Semester Probation:

The athletic director will keep a record of each student's conduct code violations throughout the course of his or her high school career. However, if a student is able to go three consecutive semesters without incident after his or her first violation, the initial violation will not count against the individual if another violation occurs. For example, if an individual violates the conduct code during first semester of his or her freshman year of school, but does not have another incident until his or her junior year, the incident during junior year will be treated like a first offense. The individual will be rewarded for his or her good behavior and receive the consequences designated for first time offenders. However, some students may lose the opportunity to benefit from having displayed good behavior during this probationary period of time if the offenses they were involved in are of a serious nature. The Assistant Principal/Athletic Director will decide whether or not a student should receive credit for his or her good behavior between his or her first and second offenses.

2. Other Extra-Curricular Organizations

- A. First Violation: The Assistant Principal/Athletic Director will convene a conference with the student participant and parent/guardian to discuss the details of the Extra-curricular Conduct Code and/or Student Conduct Code violation and the imposition of penalties. A SI may also be present at this meeting if the misconduct that took place falls under the category of being a Student Conduct Code discipline issue as well. To regain eligibility, student participants must complete a suspension period of thirty (30) calendar days from all extra-curricular organizations. During this suspension the student participant will be excluded from all practices, contests/performance, meetings, and other events related to the organization. If the school year has fewer than thirty (30) calendar days remaining, the remainder of the suspension will carry over to the following school year in which the student participates. Students who violate the drug/alcohol sections of the Student Conduct Code should enroll in and successfully complete a drug/alcohol program. Providing proof of enrollment and completion of an approved drug/alcohol program could reduce the suspension from extra-curricular participation. The Assistant Principal/Athletic Director shall determine if the period of the athletic suspension will be reduced.

- B. Second Violation:
A conference will be convened to include the participants of the first violation conference. A second violation will result in suspension from all extra-curricular organizations for a semester or 18 weeks of school. The Assistant Principal/Athletic Director shall determine which penalty is appropriate on a case by case basis.
- C. Third Violation:
A third violation will result in the student's placement on suspension from participation in extra-curricular activities for one to two calendar years. In the case of a third offense, additional factors, such as the severity of the incident and the individual's previous discipline records in school and extra-curricular activities may be taken into consideration in determining the length of the suspension. After taking into consideration all the factors regarding the incident, the Assistant Principal/Athletic Director will use his or her discretion to determine the appropriate length of the suspension.
- D. Three Semester Probation:
The athletic director will keep a record of each student's conduct code violations throughout the course of his or her high school career. However, if a student is able to go three consecutive semesters without incident after his or her first violation, the initial violation will not count against the individual if another violation occurs. For example, if an individual violates the conduct code as a freshman, but does not have another incident until his or her junior, the incident during junior year will be treated like a first offense. The individual will be rewarded for his or her good behavior and receive the consequences designated for first time offenders. However, some students may lose the opportunity to benefit from having displayed good behavior during this probationary period of time if the offenses they were involved in are of a serious nature. The athletic director will decide whether or not a student should receive credit for his or her good behavior between his or her first and second offenses.

APPEAL PROCEDURES

- Participation in extra-curricular organizations is voluntary and a privilege that is not a right guaranteed to the student. However, a student participant may appeal the decision of the Assistant Principal/Athletic Director by following the procedures listed below:
1. The student, or the student's representative, must submit an appeal in writing to the Assistant Principal/Athletic Director within three (3) school days of the decision to impose a penalty. The written appeal must state the reason or basis for the appeal including why the student disagrees with the penalty imposed by the Assistant Principal/Athletic Director.
 2. The appeal will be submitted to the Extra-Curricular Appeals Committee for a decision on the appeal. The Extra-Curricular Appeals Committee will decide to affirm, modify, or dismiss the penalty imposed by the Assistant Principal/Athletic Director.
 3. The Extra-Curricular Appeals Committee will make a decision in regard to the appeal within three (3) school days after the appeal was submitted.
 4. The administrator who participates on the Extra-Curricular Appeals Committee will inform the student and parent/guardian of the final decision.
 5. Penalties remain in force during the appeal process.

MAKE-UP OF THE APPEAL COMMITTEE

The Extra-Curricular Appeals Committee will consist of an administrator, an out-of-season coach/sponsor of another organization, and a member of Support Services.
